## About OMCTS

**Odor Management Conference and Technology Showcase (OMCTS) 2017**  
Los Angeles, California, November 8<sup>th</sup> and 9<sup>th</sup> 2017

We are delighted to invite you to the second international Odor Management Conference and Technology Showcase (OMCTS) 2017, being held in Los Angeles, California. The conference consists of 21 presentations on various topics from professionals of different disciplines, and will include 4 lectures from keynote speakers. The showcase also provides more than 20 exhibitors showcasing the latest technologies in the field of environmental odor assessment, monitoring, regulation, mitigation, and abatement. This event provides an excellent opportunity to network and learn more about air pollution and environmental odors and to discuss with industry leaders on meeting today's challenges in odor nuisance.

## Industries of Interest

**OMCTS**  
International Odour Conference

## About the Los Angeles

The OMCTS is being held in the beautiful and vibrant city of Los Angeles, California. Los Angeles is known for its Mediterranean climate, ethnic diversity, sprawling metropolis, and as a major center of the American entertainment industry.

We welcome you to Los Angeles, California – the most multicultural city in the world. By attending the OMCTS, you have an opportunity to experience all that this lively city has to offer – you'll find an intoxicating mix of showbiz, art, culture and an exciting night life, Universal Studios Hollywood, Getty Centre, Griffith Park, and Disneyland all rolled into one of the world's largest, most unique cityscapes.

We look forward to having you and enjoying this wonderful city.

## University of California, Los Angeles

OMCTS 2017 is being held at the University of California, Los Angeles. For nearly 100 years, UCLA has been a pioneer, persevering through impossibility, turning the futile into the attainable. UCLA has 13 Nobel Prizes, 12 MacArthur Fellows, more NCAA titles than any university and more Olympic medals than most nations. The Times of London ranks UCLA 14th in it's THE World University Rankings (2016-17).

UCLA Institute of the Environment and Sustainability.

With academic degree programs to train the next generation of leaders and eight research centers, the institute generates knowledge and provides solutions for regional and global environmental problems. The institute also drives interdisciplinary environment and sustainability initiatives on campus, and advises businesses and policymakers.

## The Venue

OMCTS 2017 is being held at the University of California, Los Angeles. For nearly 100 years, UCLA has been a pioneer, persevering through impossibility, turning the futile into the attainable. UCLA has 13 Nobel Prizes, 12 MacArthur Fellows, more NCAA titles than any university and more Olympic medals than most nations.

## ● Cocktail Social and Gala

Join us November 8<sup>th</sup> from 6:00 to 8:00 pm for our Cocktail Social Hour and Conference Gala as we enjoy a night of networking and celebration. The Conference Gala will include live music, exquisite cocktails, and great conversations. The gala will be held at the scenic Cove Common Terrace of UCLA featuring stunning view of the rolling hills of Los Angeles.

The OMCTS 2017 is a unique opportunity to network with the world's best Odor Experts. Cocktail Social and Gala is one of the best opportunities to engage and network with international Odor professionals.

And if you are interested in sponsoring the Cocktail Social and Gala please email [info@odorconference.com](mailto:info@odorconference.com) or call 1.888.988.4337 ext. 208.

# Exhibitors

## Sponsors and Exhibitors of OMCTS 2017

The OMCTS will bring together companies that provide products and services in environmental odor with end-users in a wider range of industries. Sponsors and exhibitors will benefit from a perfect opportunity to network with industry leaders and demonstrate the most innovative products and services in environmental odors.

OMCT is hosted by Scentroid on November 8<sup>th</sup> & 9<sup>th</sup> at the UCLA. The OMCTS is a global series of conferences that will focus on topics such as odor measurement, dispersion modeling, mitigation, regulation and monitoring. We bring together decision makers from petrochemical, oil and gas, wastewater, waste management, composting and manufacturing to discuss how they deal with the odor challenges facing their industry.

## Who attends OMCTS?
